

# Mon Amour

Shakira

I think you are living in denial  
Oh, can't you see she's pretty wild?  
And every night I pray that you don't knock her up  
'Cause I still want to be the mother of your child  
They say l'amour est ne Paris  
So she's planned a little trip to France  
While she's in anxious anticipation  
I really hope you have a horrible vacation  
And so you think of me when you arrive  
Hope the French fleas eat you both alive  
And your room smells and the toilet doesn't flush  
And locals treat you mean and the service takes too long  
'Cause I'm fragile and you broke my heart in two  
But you just smile like it's all the same to you, to you  
When you learn your lesson  
Come back like a prodigal son  
Read the big sign at the airport  
Bienvenue from hell, mon amour  
When you learn your lesson  
Come back like a prodigal son  
Read the big sign at the airport  
Bienvenue from hell, mon amour  
Where did you get the ability?  
To make fake promises to me  
You are exactly like a politician  
Need everyone's approval just to see if you are doing right  
And I hope you both freeze under the Eiffel Tower  
So you end up throwing in the towel  
Hope you'll miss me and someday you're gonna see  
That I put my trust in you but you turned your back to me  
'Cause I'm fragile and you broke my heart in two  
But you just smile like it's all the same to you, to you  
When you learn your lesson  
Come back like a prodigal son  
Read the big sign at the airport  
Bienvenue from hell, mon amour  
When you learn your lesson  
Come back like a prodigal son  
Read the big sign at the airport  
Bienvenue from hell, mon amour  
It's your destination  
It's your destination  
When you learn your lesson  
Come back like a prodigal son  
Read the big sign at the airport  
Bienvenue from hell, mon amour  
When you learn your lesson  
Come back like a prodigal son  
Read the big sign at the airport  
Bienvenue from hell, mon amour  
Mon amour, mon amour
