

# Wherever You Go

## A Rocket to the Moon

An hour away from home  
And time's never felt this slow  
It feels like a week ago  
Do you feel it too? I bet you went back to bed  
My pillow overneath your head  
Repeating last words I've said  
I miss you You're all I need  
So fall back to sleep Wherever I go, wherever I'll be  
Oh I just hope that you're thinkin' 'bout me  
And that you don't doubt my love if you're lonely  
Wherever you go, whatever you see  
You're not alone, you never will be  
Oh baby just know, wherever you go  
That's where I'll be I saw you in Thompson Square  
The wind playing in your hair  
And then down in Dallas where  
You never been And now everywhere I go  
It feels like I'm coming home  
I'll see you in a month or so  
But until then You're all I need  
And all I see Wherever I go, wherever I'll be  
Oh I just hope that you're thinkin' 'bout me  
And that you don't doubt my love if you're lonely  
Wherever you go, whatever you see  
You're not alone, you never will be  
Oh baby just know, wherever you go  
That's where I'll be Wherever I go, wherever I'll be  
Oh I just hope that you're thinkin' 'bout me  
And that you don't doubt my love if you're lonely  
Wherever you go, whatever you see  
You're not alone, you never will be  
Oh baby just know, wherever you go  
That's where I'll be  
Oh baby just know, wherever you go  
That's where I'll be
