

# Living the Dream

## A1

Where have you been all of my life  
Where have you come from  
Is this your first time too  
It's like I've known you  
(In some other lifetime)  
In some other lifetime  
We're part of the great plan (ooh baby, baby)  
Like two stars that shine I stood here watchin',  
While it only ever happened to friends  
Now I don't have to pretend I can't believe we're living the dream  
We're diggin' that scene  
We finally made it through the fire  
Something 'bout you blows me away  
Like night over day  
We kissing the loneliness goodbye, yeah  
True love, true love, baby could this be  
True love, true love, baby, yeah I've been waiting (I've been waiting)  
All of my life (come on)  
Anticipating (yeah)  
With every dream every night  
Destiny's a moment  
We all share in time  
Love is the message  
I know (I know) I know I've got mine. I stood here watchin'  
While it only ever happened to friends  
Now I don't have to pretend I can't believe we're living the dream  
We're diggin' that scene  
We finally made it through the fire  
Something 'bout you blows me away  
Like night over day  
We kissing the loneliness goodbye, yeah (ooh) True love, true love, baby could this be, yeah  
True love, true love, baby happenin' to me  
(true love, true love, could this to me, yeah)  
true love, true love, baby happenin' to me I can't believe we're living the dream  
We're diggin' that scene  
We finally made it through the fire  
Something 'bout you blows me away  
Like night over day  
We kissing the loneliness goodbye, yeah True love, true love, baby could this be

True love, true love baby happenin to me (true love, true love)  
True love, true love, baby could this be, yeah True love, true love, finally happenin' to me
