

# Room Five-Hundred-and-Four

Vera Lynn

Such a big hotel a very grand one  
Right Upon the avenue  
We could not afford it  
But sweet, I just adored it My very first and only rendezvous  
In room five hundred and four  
So sweet a room so strange and new  
It was romance, a dream come true  
That perfect honeymoon alone with you  
We turned the key to the door  
We hadn't dared to ask the price  
That kind of thrill can't happen twice
