

Heartbeat

The Silent Scene

Make me feel invincible, invisible with you
And trap me inside myself like you do
Pressure me with chemicals
Like waterfalls we drop it all
The same thing that I said I'd never do Don't break composure
I wanna feel you take me over
Wanna see you pull me closer
Closer than conflict
Deeper than my only reasons
Fighting while I burn through the evenings
Lose the strength, use the feeling
Stronger than concrete
Strip me down to my heartbeat Released into the nightoh woah (4x) So take me from my innocence, in
confidence with you
And bury me with everything you do
Wash away my best mistakes
The darker days, my weakest ways
You break me back into myself this way Don't break composure
I wanna feel you take me over
Wanna see you pull me closer
Closer than conflict
Deeper than my only reasons
Fighting while I burn through the evenings
Lose the strength, use the feeling
Stronger than concrete
Strip me down to my heartbeat Released into the nightoh woah (4x)
