Paranoid

Socialburn

I lie here awake wonderin' if you're lying awake feelin' like I do
Hell maybe I'm just paranoid
I thought I had it all figured out was it me that this break up was all about
Maybe I'm just paranoid
Or maybe I'm not good enough for you
Maybe you've got more important things to do
Maybe I'm just paranoid
Maybe I'm just paranoid
I'll still answer when you call should I even talk to you at all
Maybe I'm just paranoid
I'm never gonna find another girl just like you
'Cause your the only one left in my world
Maybe I'm just paranoid
Or maybe I'm never gonna feel this way again
Maybe I just threw away my best friend
Maybe I'm just paranoid
Maybe I'm just paranoid, yeah
Maybe I'm not good enough for you
Maybe you've got more important things to do
Maybe I'm never gonna feel this way again
Maybe I just threw away my best friend
Maybe I'm just paranoid
Maybe I'm just paranoid
Maybe I'm just paranoid
