

# I Never Knew

## Cameo

Well, I've seen you quite often,  
Walking along that lonely street, (Just you and the breeze)  
But once you said hello, and asked me if you wanted to go for a walk  
And my mind just wouldn't let me go  
I never said what was on my mind  
I couldn't say, couldn't say one line  
But i can't hold back, this feeling inside of me  
Now I guess Its time to say what I wanted to say for so longI never knew I loved you, I always thought I was in  
a daze  
But now I'm here to say,  
I'm gonna love you, love you always (2 x's)  
You make me turn away every time I see your eyes  
I almost start to cry, (there's a tear in my eye)  
Have you ever seen a grown man cry?  
Your more than just a girl who walks the street all alone  
Your so sweet, like nothing I never seen  
I need someone to make me happy (won't you be my baby)  
And as long as your here, I know the sadness will never come around  
And i'm so glad, that you came into my life (Your so nice)  
Now that you know, let's walk the road of life  
I never knew I loved you, I always thought I was in a daze (In a daze)  
But now I'm here to say  
I'm gonna love you love you always (4 x's)  
We're sitting by the fire and watch the moon,  
We makes love all night until afternoon  
Because I love you  
I love you, love you, Love you Yea-yea-yeah-yeah-yeah
