

Revolution

Blazin' Squad

Tried to pull, pull over my eyes
Knew, it was comin'
Why? 'Cause you laid the bait
And I see mistakes to dare tempt fate This games here to be played
Not arranged, not voted for my stage
My age got me caged but I broke the chains
And rode free from the hate that held my name My aim to evolve in this time of change
These days choices you make become mistakes
And rage makes you lose all faith in yourself
Can't take the weight and can't take the strain And my click will stay the same
But if you think you can test the name
Can't better fools couldn't stop us
It's the children of the revolution
You won't fool the children of the revolution
No, you won't fool the children of the revolution
No way, hey Don't wanna act like you know the kids
Wanna know full well you don't know the kids
I was focusin', hopin', rollin', dreamin'
Now we're so hot we're steamin' Eighty-six people say
I, represent the youth today
My skills can blaze the drama away
But still I carry on never fade Hey, yo it's bizzle here spittin' heavy metal, oh yeah
Reality not manufactured we be rebels, yeah
We shed tears, bomb scares, world fairs
Who cares? We care, now where? Be there
Let's do this for the children
You won't fool the children of the revolution
No, you won't fool the children of the revolution
No, you won't fool the children of the revolution
No, you won't fool the children of the revolution It seems to me what people see can easily be told
It seems to be that TV shows can easily get old
We're from the streets, we're makin' beats and now we're gonna blow
We're takin' over now, don't say that you weren't told You won't fool the children of the revolution
No, you won't fool the children of the revolution
No, you won't fool the children of the revolution
No, you won't fool the children of the revolution
