In Love With Myself

The Blue Van

Put your cameras away
Cause my beauty you can't portray
Every mirror would crack with a sigh
If I looked back

Cause I'm in love with myself
Myself and nobody else
My heart is closed I don't need
No one else but my self

Oh, what is pure if I'm not pure at all
The one that got away made me fall
In love with myself

Although my skin has turned gray
And my beauty has me betrayed
When I'm forsaken in my hell
I'll still be in love with myself

Oh, what is pure if I'm not pure at all
The one that got away made me fall
Made me fall, you made me fall
Oh, if you're not sure that you can love me too
I'll be my slave and be in love

I'm in love with myself
Myself and nobody else
