

# Heavenâ€™s Pearls

## Ollabelle

Life's a strain, painful thing  
To be overcome  
We mark the nights by our triumphs  
Suffers everyoneBut hold them near  
Keep them dear  
Don't be ashamedTriumphs of the world  
On heaven's pearls  
On heaven's pearlsBegan the scars, tangled bars  
Catch under the skin  
Friction burns as they turn  
Working deeper inAnd day by day  
Sharp edges fade  
Smooth, furnished and fineTriumphs of the world  
On heaven's pearls  
Triumphs of the world  
On heaven's pearls  
On heaven's pearlsTriumphs of the world  
On heaven's pearls  
Triumphs of the world  
On heaven's pearlsThe triumphs of the world  
On heaven's pearls
