

Sad And Deep As You

Traffic

Lips that are as warm could be
Lips that speak too soon
Lips that tell a story
Sad and deep as you
Smile that's warm as summer sun
Smile that gets you through
Smile that tells a story
Sad and deep you
The eyes that are the windows
Eyes that are the dew
Eyes that tell a story
Sad and deep as you
Tears that are unspoken words
The tears that are the truth
Tears that tell a story
Sad and deep as you
