

# Law & Order

## Chief Keef

Get in the car, hittin' the dope, gettin' the coat, aye, lil nigga, hit the floor  
I'm smokin' dope, movin' slow, or movin' fast, man I don't really know  
Got a hard head, gettin' the Glock, 30 shots, lumberjacks, split it open  
Get your thot, she is got, she will not nonstop feelin' on me  
Ridin' 'round us, It's goin' down, it's goin' up, these fuck niggas know what's up  
It's goin' 'round it's goin' out, it's goin' in, goin' in to finish up  
The bands is up, money's up, bitch is up, nigga put your feelings up  
This dealer will hit ya up, up and down, cylinder  
Bitch came in my mansion, she trippin', she in my pantry  
I see why she got cavities, she say she want some candy  
I got dozens of eggs, that's got dozens of yolk, you hear me  
Come through like it's Halloween, sendin' eggs all down your chimney  
I thought it was Christmas, got your mistress wrapped up  
You think that I'm kiddin'? round of applause, get clapped up  
Like I want the roll soo bad, get on the spot and not act up  
Sosa tsunami jump out on your block now it's cracked up  
You's a candle, I'm a lamp  
Where's the cane? I'm a pimp  
Where's the space? I'm claustrophobic  
Move out the lane cause I am bowlin'  
Dribble dribble, I am ballin' '  
Shitty nigga, he's a staller  
Doggystyle, she bendin' over  
She let me fuck and I didn't even know her  
Smokin' big ass blunts the size of myfist  
Not runnin', but I have your keys  
I'm drivin', better have your gas  
I'm eatin' better, how your teeth?  
80 inch TV fell on me, I think I got the devil on me  
But I got the lord on me, fuck these niggas that's bloodin' on me  
When you see me on your TV speak  
Everytime they see Keef he eatin'  
I treat the hood of my car, like a seat  
I treat your hood and your block like the sea  
You think that you's a shark, but you's a goldfish  
Boy ya ass a parrot, get your nose hit  
I'm somethin' like pull some water and a wall switch  
You think I got halitosis how I talk shit  
You would think I ain't got no car how I'm walkin'

This dog got me livin ', I should bark it  
Get yourself in order and I'm on my law shit  
Ya get it? Law & Order investigatin' niggas that talk shit
