Christmas Lights

Drawing Trees

Dream we're out on the roadway and you're right there by my side
An we're taking off in your G5 baby, I love it when we fly
Cause you're mighty like a knockout baby, you're desperate like a rose
And you're stumbling to the spotlight and you watch the crowd grow
But my hero said, you can't hold the hand of a rock and roll man
But what if I can, what if I can
And what if I look to the sky and check out the stars, how they shine into your eyes
They're just like mine, searching the darkness for some kind of sign
I'm building my life on the dreams you string together
Like Christmas Lights
I can't wait till the night comes for that sweet blue sky
Because I've got something to tell you and the daylight makes me shy
But tonight I'll sing out as loud as I can
Like a diehard fan for my favorite band, loud as I can
And I'm gonna look to the sky and check out the stars, how they shine into your eyes
They're just like mine, searching the darkness for some kind of sign

I'm building our lives on the dreams we string together
Like Christmas Lights
Slow down baby, the summer is over, it's almost time to go home
But don't worry baby, the nights may get colder but you're not alone, no
And my hero said, you can't hold the hand of a rock and roll man
But what if I can, what if I can
And what if I look to the sky and check out the stars, how they shine into your eyes
They're just like mine, searching the darkness for some kind of sign
I'm building my life on the dreams you string together
Like Christmas Lights
Like Christmas Lights
Look in your eyes
Look in your eyes
Look in your eyes
Look in your eyes
