

I'm Your Man

Enrique Iglesias

You can be a million miles away from me
You can be kissin' another man's lips
But I'm your man, I'm your man If tomorrow would stay behind
And I close my eyes and never wake up
I'm still your man, I'm your man I pray to God, I pray for time
I pray, I can hold you in my arms
Pray with me eternally
Time is forever ours It's the way that you smile
It's the way that you cry
Why I always wanna be your man
It's the way that I feel
When I feel you inside
Why I always wanna be your man You can be a million miles away from me
You can be kissin' another man's lips
But I'm your man, I'm your man They can take away my heart and my soul
They can tell me, you don't love me no more
But I'm your man, I'm your man I won't give up, I won't let you down
I promise to always be by your side
Pray for faith, I pray for you
Pray that we'll always be It's the way that you smile
It's the way that you cry
Why I always wanna be your man
It's the way that I feel
When I feel you inside
Why I always wanna be your man It's the way you're weak
It's the way that you're strong
Why I always wanna be your man
It's the way you believe
And the love that you give
Why I always wanna be your man I pray to God, I pray for time
I pray I can hold you in my arms
Pray with me eternally
Time is forever ours It's the way that you smile
It's the way that you cry
Why I always wanna be your man
It's the way that I feel
When I feel you inside
Why I always wanna be your man It's the way, you're weak
It's the way that you're strong

Why I always wanna be your man
It's the way you believe
The love that you give
Why I always wanna be your man
Why I always wanna be your man
Why I always wanna be your man
