Charlie

Milla

Now be free
The sky must have fallen when I couldn't see
Your life's weak strain, I take a step back and you've fallen again
But if you'd listened a little closer, reaching over this cold shoulderAnd oh Charlie, a boy and his toys
I see you lying stiff and cold, spread out upon the bedroom floor
Kiss me darling with those pale lips once more
Hands could never comfort you, not so well as steel could doFreak on in, did you think this time you would finally win a trip of life
But if you'd listened a little closer, reaching over this cold shoulderAnd oh Charlie, a boy and his toys
I see you lying stiff and cold, spread out upon the bedroom floor
Kiss me darling with those pale lips once more
Hands could never comfort you, not so well as steel could doReeling spinning out of lies
Daisy vision in your eyes
Boat is sinking someone cries
You have left me to surmise your surpriseOh Charlie, a boy and his toys
I see you lying stiff and cold on the bedroom floor
Kiss me darling with those pale lips once more
Hands could never comfort you, not so well as steel could do
Not so well as you could do, oh Charlie
