Don't Let Go

The Rasmus

Don't let go...don't let go...don't let go
Holding my breath as I walk to your garden
Everything seemed so abandoned
Roses have gone just as high as the mountains
Fireflies glow in the dark

Don't let go now (don't let go)
Somebody is lying

Everyone came to the final revival
Its been a year since we've been here
Spell has been cast to welcome the arrival
Finally silence is near

Don't let go now (don't let go)
The garden is dying
These wounds won't heal (don't let go)
Somebody is lying

Break the spell of emptiness
And thousand year of loneliness
Bless the path of righteousness
And walk the trails of holiness
The garden is dying
Somebody is lying

[Repeat x2]
Don't let go now (don't let go)
The garden is dying
These wounds won't heal (don't let go)
Somebody is lying

Ohhh oh oh ohhhhh
The garden is dying
Oh oh oh oh oh oh
Somebody is lying

Ah ahahahaha
One of us is lying
Ah ah ah ah
