

Wonder What You're Doing for the Rest of Your Life

Train

(Ahaha) Doo doo doo doo doo
Doo doo doo doo doo
Doo doo doo doo doo
Doo doo doo doo dooShe's from Soho
That big apple took a bite out of me
Never the same after living in the city
You got to tell yourself things that aren't true
You got to tell yourself
You can do, you can do
Now now when I met you
How how could I let you
Into all my nooks
So into your looks
Bet you're probably crazy
Bet I'm being rolled
Bet you're probably perfect for me
Bet you're made of goldI think I wanna tell you everything
I think I wanna give it all tonight
I think I wanna tell you everything
I wonder what you're doing for the rest of your life
I wonder what you're doing for the rest of your life
(Give it up now) Doo doo doo doo doo (I wonder what you're doing)
Doo doo doo doo doo (I wonder what you're, I wonder what you're)
Doo doo doo doo doo (I wonder what you're doing)
Doo doo doo doo dooOn the east coast people are regal
On the west coast Mary Jane is legal
I had to tell myself the tide was gonna turn
I had to sell myself to people who burned me
Now now if I let you
How how can I get you
Try to understand
I was a different man
Maybe I am crazy
Maybe I should fold
Maybe I am perfect for you
Baby I'm soldI think I wanna tell you everything
I think I wanna give it all tonight
I think I wanna tell you everything
I wonder what you're doing for the rest of your life

I wonder what you're doing for the rest of your life
(Give it up now) Doo doo doo doo doo (I wonder what you're doing)
Doo doo doo doo doo (I wonder what you're, I wonder what you're)
Doo doo doo doo doo (I wonder what you're doing)
Doo doo doo doo doo (For the rest of your life) All the girls from Harlem to Wall Street
That Big Apple took a bite outta me, yeah
Crushed dreams from Chelsea to Queens
That Big Apple took a bite outta me Now now if I let you
How how can I get you
Try to understand
I was a different man I think I wanna tell you everything
I think I wanna give it all tonight
I think I wanna tell you everything
I wonder what you're doing for the rest of your life
I wonder what you're doing for the rest of your life
(Give it up now) Doo doo doo doo doo (I wonder what you're doing)
Doo doo doo doo doo (I wonder what you're, I wonder what you're)
Doo doo doo doo doo (I wonder what you're doing)
Doo doo doo doo doo (For the rest of your life) Doo doo doo doo doo
Doo doo doo doo doo
Doo doo doo doo doo
Doo doo doo doo doo
Doo doo doo doo doo
