Exorcise the Demon

Sorcerer

Empowered by the Lord we demand you to leave
I spit on your cross, your naive words means nothing to me
We cast you out you demon beast of the dark
I laugh in your face and smother your dying sparkOur belief and faith will send you back to Hell
In robes and cloth we've come to serve the Holy Script
Hear thy holy word, in fire you shall dwell
So begone, crawl back into the ancient cryptWe will exorcise the demon
We will purify her soulYield to our prayers and leave her alone
I will inflict her pain and eat the flesh from her bones
We form a sacred bond and circle of trust
But it won't save her from the blood that I lust
Our belief and faith will send you back to Hell
In robes and cloth we've come to serve the Holy Script
Hear thy holy word, in fire you shall dwell
So begone, crawl back into the ancient cryptWe will exorcise the demon
We will purify her soulGod will prevail, we shall win this strife
Eternal darkness will engulf her pitiful life
In God's name we'll save her from torment and pain
All of your foolish efforts are hopelessly in vainOur belief and faith will send you back to Hell
In robes and cloth we've come to serve the Holy Script
Hear thy holy word, in fire you shall dwell
So begone, crawl back into the ancient cryptWe will exorcise the demon
We will purify her soul
We will exorcise the demon
We will purify her soulWe will exorcise the demon
We will purify her soul
