Minneapolis

that dog.

I was at the Jabberjaw

The cutest boy I ever saw

He was standin' behind me

He was such a dreamHe kept looking right my way

I wanna see him every day

Randy told me where he lives

In MinneapolisHung around till closing time

I wanna make him mine all mine

Told my friends I want to leave

They embarrassed meI took out my keys for my car

Walked down the street, not very far

He came running after me

He saw me at the entryMinneapolis

Minneapolis

Minneapolis

Minneapolis

Minneapolis

Minneapolis

MinneapHe said, I heard you ask about me

And I responded yes quietly

He said, "I'm leaving on Wednesday

Come see me when low plays"So I went to see him again

He should be my new best friend

Running so romantically

Down the street for meSo he said, he'd write or call

'Cuz I'll be touring in the fall

He said he wanted me to move

But that just won't doTo Minneapolis
