

Jane

John Wetton

Jane, Jane

It's a dazzling morning with a blue sky dawning
When all our sadness dies
And the joy of waking to a new day taking
The sleep from our eyes

Sensing that you're just a breath away
No shadow of doubt that will remain, Jane

Jane, whenever I need a dream to hold on to
Jane, I can remember loving you

With your spirit in me for as long as there'll be
Stars up in the skies
And it's never too late for this moment, we'll wait
All of our lives

Sensing that you're just a breath away
No shadow of doubt that will remain, Jane

Jane, whenever I need a dream to hold on to
Jane, I can remember loving you

I can feel you, night conceals you
Waiting for me silently
Jane, there's a light that shines from you
No shadow of doubt that will remain

Jane, whenever I need a dream to hold on to, Jane
I can remember loving you, Jane
