## Evereve

Blessed are the fallen  
Hearts full of grief  
Blessed are the feeble  
Who deny their own belief  
I am stranded  
Forgotten and forlorn  
A hangman buried by his fear  
See the scarecrows laughing  
By jesters mesmerized  
Staring at me with cruel lies (eyes) So bleed for me  
To set me free... right now...  
Thy kingdom come  
Thy will be done... forever... Will you darken my bride (bright) sun?  
Will you swallow your lost son? Blessed are the fallen  
Hearts full of grief  
Blessed are the feeble  
Who deny their own belief  
So nail me to cross  
Then break the seventh seal  
Paradise regained by guilt  
'Cause the child has grown up now  
And innocence is gone  
Forgiveness is not running through your vain (vein)
