

You're Mean

Starflyer 59

You're mean, so it seems
You've got everything
But the one I need Don't be cruel, it's so true
You've got everything
But the one I need Taking time
I'll gain all your notice
Truth in mind
You always turn and then gloat Taking time
I'll gain all your notice
Take [incomprehensible]
You always turn and then gloat
