# When I See You

## Chris Botti

I'm broken but I care for you
Tried to change all that you wanted me to
Was too late and just not enough
To relate to that kind of love
Taken so long to see it
I'm righting all my wrongs still you're gone
Wondering when I'll see you again
Missed the times you call to tell me of all
The love that you had for me back then
For the time I should have cared for you
And all the pain that I was putting you through
Late nights sitting by the phone
A life of leaving you alone
Taken so long to see it
Waited so long to be it
I'm righting all my wrongs still you're gone
Wondering when I'll see you again
Missed the times you call to tell me of all
The love that you had for me back then
Whether it's all year long or tomorrow
When it comes, it's all in good time
When I see you, when I see you again
It's all in good time when I see you
All in good time when I see you
All in good time when I see you
All in good time when I see you
I'm righting all my wrongs still you're gone
Wondering when I'll see you again
Missed the times you call to tell me of all
The love that you had for me back then
Whether it's all year long or tomorrow
When it comes, it's all in good time
When I see you, when I see you again
It's all in good time when I see you
All in good time when I see you
All in good time when I see you
All in good time when I see you
