Test Transmission

Kasabian

Standin' here on this burnin' bridge
I'm tryin' to figure out, but there?s nothin' here
Seem like they got the fear
Cattle grids, rattle gold chains, pay it back
Just cancel the chickens
And tell your son that he should steal the gold
The kings send their knights
Check these soul satellites
Test transmission is callin' me back home
The kings send their knights
Check these soul satellites
Test transmission is callin' me back home
Too messed up to perform this
Can't you see, I'll only miss you now, your memories, yeah
[Incomprehensible] get washed to the seas
Feedin' tape through the fabric must tune in

Unless you?re trapped tomorrow
And get out the sun, get out before it gets you back
The kings send their knights
Check these soul satellites
Test transmission is callin' me back home
The kings send their knights
Check these soul satellites
Test transmission is callin' me back home
And I feel just alive,[Incomprehensible] a change
Feel [Incomprehensible] is gonna get you again
[Incomprehensible] sun is comin' back again
And I feel just alive, [Incomprehensible] a change
Feel [Incomprehensible] is gonna get you again
[Incomprehensible] sun is comin' back again
