

# With Your Love (Con Tu Amor)

## Juan Gabriel

I was alone  
He lived very sad  
I never thought I would find love  
until you came my sorrows went  
and your love started  
forget the pain I is only  
just dreaming  
I thought all my dreams  
They were so far from you  
until you came  
Haaa  
my sorrows went  
and your love began  
to forget, and forget, and forget  
my pain With your love  
my sorrows went  
and I get happiness  
thank you  
no sorrows percent  
or pain  
I am very happy today I is only  
just dreaming  
I thought all my dreams  
They were so far from you  
until you came  
haaaaa  
my sorrows went  
and your love  
start forgetting  
and to forget, and forget  
my pain With your love  
my sorrows went  
and I get  
happiness  
thank you  
no sadness percent  
or pain  
I am very happy today I hope with your love  
my sorrows went

and I get  
happiness  
thank you  
not feel sadness  
or pain  
I am very happy today  
with your love
