Fur-lined

How To Destroy Angels

I can feel it taking hold
Now I am an animal
Now I am a chemical
Once again
And you caught me through the crack
Everything is right on track
I am never coming back
Again and again and again
Everything
Everything is echoing
Is this really happening?
Again and again and again
Close enough to feel the flame
I can push it through the pain

And it was everything
Again and again and again
I don't want to lose control
I am just an animal
Just a fucking chemical
Once again and again and again
Everything
Everything is echoing
Is this really happening?
Again and again and again
Everything
Everything is echoing
I keep coming back again
Again and again
