## **Miserable**

## Lit

You make me come

You make me complete

You make me completely miserableStuck to a chair watchin' this

Story about me

Everything goes by so fast

Making my head spinUsed up all of my friends

Who needs them

When you mean everything love the things that we should fear

And I'm not afraid of being here

So much the same

It makes me helpless aloneNothing to share

Why should I care if you're near me?

I give up all of my plans

Who needs them when you mean everything love the things that we should fear

And I'm not afraid of being here

So much the same

It makes me helpless alone(Yeah, yeah)

You make me come

(Yeah, yeah)

You make me complete

(Yeah, yeah)

You make me completely miserable love the things that we should fear

And I'm not afraid of being here

So much the same

It makes me helpless alone You make me come

You make me complete

You make me completely miserable(Yeah, yeah)

You make me come

(Yeah, yeah)

You make me complete(Yeah, yeah)

You make me come

(Yeah, yeah)

You make me complete

(Yeah, yeah)

You make me completely miserable
