Chills

Papercuts

Light another cigarette
And maybe by the end of it you'll have changed
Make a mental note to self
To dig a deeper wishing well next year
Still, you are the only thing I fear
You give me chills (x3)
Sentimental waking up or sleeping in a coffee cup

It seems
You're so high the sky is scared (?)
And you're in my nightmares and my dreams
Still you are the only thing I need
You give me chills (x3)
And then you leave me cold
Still you are the only thing I feel
