

24 Hours

Andrea Corr

I see your eyes remember
You know the song
And I try to see your picture
But that's your song with somebody else

You know I love inside your head
'cause I can't be there
You're a mystery
Intriguing me breath
And your eyes
Grow all big and sad

I'd stay awake all night
For twenty four hours of your love
I'd lead a simple life
For twenty four hours of your love

I'm not the only one that loves you
Hey everyone does
You've got a map of your past
Engraved on your face
But your strange heart
Is the heart of a boy

You know I love inside your bed
And I wanna be there
You're not comfortable
You're volatile
But you sleep like
You've answered a prayer

I'd stay awake all night
For twenty four hours of your love
I'd promise black was white
For twenty four Hours of your love
I'd believe wrong was right
For twenty four hours with your love
I'd lead a simple life
For twenty four hours of your love

Twenty four hours of your love

Love

I'd stay awake all night

For twenty four hours of your love twenty four hours of your love

I'd believe wrong was right for twenty four Hours of your love

Twenty four hours of your love

I'd believe wrong was right

For twenty four Hours of your love twenty four hours of your love

I'd lead a simple life

For twenty four hours of your love

Twenty four hours of your love
