

Only One

Jason Chen

Even though you've never loved me, you're the only one
Even though you've really hurt me, you're the only one
How could I ever get over a love I never knew
I guess I'm still just a fool, you're the only one, the only one I don't know how you make me feel this way
Never knew my heart could feel such pain
Why won't you just give me a chance to show I love you
Every time we try to talk, you just walk out the door, out the door
But every time I try to let you go, my heart holds on to you
No matter what I say or what I do, I feel such a fool
Even when you lie right to my face, I wish that they were all true
I guess that you just really wanna leave, so I'll let you go How can I get you out my head, you're the only one
You will always be my baby, you're the only one
Even though you've never loved me, you are still my queen
I'm just a fool who's in love, you're the only one, the only one
You're the only one I haven't felt your touch in so long
An the image of your smile is long gone
Did all the memories that we have shared mean nothing to you?
You led me on, you broke my heart
So why can't I get over you
every time I try to let you go, my heart holds on to you
No matter what I say or what I do, I feel such a fool
Even when you lie right to my face, I wish that they were all true
I guess you were never mine, so why do I care?
