

For Your Own Good

Pet Shop Boys

For your own good
Call me tonight
Don't you think you should
Call me tonight? Life isn't easy
So why don't you stay?
With the lover you need
Not the devil you pay For your own good
Call me tonight
Don't you think I could
Make a difference tonight? You need a lover
It's so cold outside
I could help you recover
From pain that you hide Life isn't easy
So why don't you stay
With the lover you need
And not the devil you pay? For your own good
Call me tonight
For your own good
Call me tonight Come on, call me Call me tonight
I'll make you feel good
Come on, call me
(Come on, call me)
Come on, call me
(Come on, call me) Call me tonight
I'll make you feel good
Want your body
(Call me tonight)
Want your body
(You'll feel alright) Come on, call me
(Come on, call me)
Come on, call me
(Come on, call me)
Come on, call me
(Come on, call me)
Come on, call me
(Come on, call me)
(Come on, call me) Come on, call me For your own good
Call me tonight
