It's Not Over Yet

Klaxons

I live for you, I die for you
Do what you want me to
I cry for you, my tears will show
That I can't let you go
(It's not over, not over, not over, not over yet)
You still want me, don't you?
(It's not over, not over, not over, not over yet)
'Cause I can see through you
(It's not over, not over, not over, not over yet)
You still want me, don't you?
(It's not over, not over, not over, not over yet)
Don't let me down, don't make a sound
Don't throw it all away
Remember me so tenderly
Don't let it slip away
(It's not over, not over, not over, not over yet)
You still want me, don't you?
(It's not over, not over, not over, not over yet)
'Cause I can see through you
(It's not over, not over, not over, not over yet)
You still want me, don't you?
(It's not over, not over, not over, not over yet)
(It's not over, not over, not over, not over yet)
You still want me, don't you?
(It's not over, not over, not over, not over yet)
'Cause I can see through you
(It's not over, not over, not over, not over yet)
You still want me, don't you?
(It's not over, not over, not over, not over yet)
