Caught In The Game

Survivor

You swore you'd never again let yourself be tempted
Too many times in the past when you've opened up your heart
You've had it broken in pieces by too many lies
Still it's hard to acknowledge the past when she flashes those eyesOver and over
The song skips
Just as the final refrain fades away
Like fools we are caught in the gameCaught in the game
Caught in the game again
Caught in the game
Caught in the gameI swore I'd never again catch myself believin'
Too many times I've been hurt, and it makes you hard inside
But when I saw you in the city tonight, was it just imagination?
Or did your eyes burn a little too bright? For purely conversationOver and over
Those lights flash down at the corner arcade
Swept away
Like fools we are caught in the gameCaught in the game
Caught in the game again
Caught in the game
Caught in the game againCaught in the game
Caught in the game again
Caught in the game
Caught in the gameOver and over
The song skips
Just as the final refrain fades away
Like fools we are caught in the gameCaught in the game
Caught in the game
Caught in the game
Caught in the gameCaught in the game
Caught in the game again
Caught in the game again
Caught in the game again
