

# Basic Bitch

## Lady Faith

Can you believe there are people in the world that live their lives like someone else?

Seriously?

What the fuck is the problem?

What ever happened to being original?

Whatever

Time to make a post on twitter

Hashtag this you basic bitch!

Can you believe there are people in the world that live their lives like someone else?

Seriously

What the fuck is the problem?

Whatever happened to being original?

I can't stand when chicks try to copy my style

Whatever, time to make a post on twitter

Hashtag this you basic bitch!

Hashtag this you basic bitch!

What the fuck is the problem?

Hashtag this you basic bitch!
