

Haloes (1985)

Christian Death

Night is long
Breathing in (it is gone) silence awaiting the Angels
Don't you sometimes feel like breaking the haloesHail to the faithful
In mourning yet still grateful
Like broken wings don't sleep light in the mudUnwelcome sleep pulls from my chest
The white whirls and black shadows
Saliva forms the ringFire is strong
Lighting the candles (it is gone) that burn white a tingle
While every church is a cry deep in his marrow
Hail to the faithful
In mourning yet still grateful
Like broken wings don't sleep light in the mudUnwelcome sleep pulls from my chest
The white whirls and black shadows
Saliva forms the ringHaloes gone
Removing the laurels, replace the crust
Sing applauds embracing dust
Their voices covered in rather life, suppose
Air falls out
Air falls outFollow down
Heart of stone
Pray for them
Saliva forms the ringBreathing in silence awating the Angels
Don't you sometimes feel like breaking the haloes
Breaking the haloes...
