

The Love Wouldn't Die

Trevor Hall

I tried to run one left in my gun
To block out the sun but the love wouldn't die
I looked to the master here and here after
Bathe me in laughter that's on my mind

[Chorus]

The world it turning
Fire is burning
I keep on learning learning in time
Listen the heart beat beat on the whole street
They tried to sleep but the love wouldn't die
(Ahhh ahh ahhh ahh) the love wouldn't die
(Ahhh ahh ahhh ahh) the love wouldn't die
(Ahhh ahh ahhh ahh) the love wouldn't die
The love wouldn't die

Over and under swallow the thunder
All of these numbers that's what I feel I feel
The rhythm is holy, carry me slowly
I smile only when you are near

The love wouldn't die
The love wouldn't die
The love wouldn't die
The love wouldn't die

I tried to run one left in my gun
To block out the sun but the love wouldn't die
I looked to the master here and here after
Bathe me in laughter that's on my mind

The world it turning, fire is burning
I keep on learning learning in time
Listen the heart beat beat on the whole street
They tried to sleep but the love wouldn't die

Over and under, swallow the thunder
All of these numbers that's what I feel
The rhythm is holy, carry me slowly

I smile only when you are near

The world it turning, fire is burning
I keep on learning learning in time
Listen the heart beat beat on the whole street
They tried to sleep but

The love wouldn't die die
The love wouldn't die die
The love wouldn't die die
The love wouldn't die die die
The love wouldn't die
The love wouldn't die
The love wouldn't die die die
The love wouldn't die
The love wouldn't die
