

Tell Me I'm Not Dreaming

Katherine Jenkins

I hold my breath and close my eyes
I've never felt so alive
With everything I've been through
Every road's been worth the journey here to you
Just as I turn and walk away
The world is lighting up again
And everything's illuminating
Tell me I'm not dreaming
Tell me that I'm wide awake
Tell me that this feeling will never go away
Tell me that you're here with me
And here with me you'll stay
Give me something to believe in
Tell me I'm not dreaming
Nothing else, can compare
To the mystery, the magic that we share
Like it was written in a distant star
Heaven's moving in, to everything we are
Just before the night was closing in
Tell me I'm not dreaming
Tell me that I'm wide awake
Tell me that this feeling will never go away
Tell me that you're here with me
And here with me you'll stay
Give me something to believe in
Tell me I'm not dreaming
It's clearer to me now
More than anything before
From a life I've lived without you
To a world of so much more
A world of so much more
Tell me I'm not dreaming
Tell me that I'm wide awake
Tell me that this feeling will never go away
Tell me that you're here with me
And here with me you'll stay
Give me something to believe in
Tell me I'm not dreaming
Tell me I'm not dreaming
