

# Nothing's Wrong?

## DevilDriver

There's nothing wrong  
With what you do and what you say  
There's nothing wrong  
Pure will will get you through Why can't you see you're in my way?  
Your ways are killing you Do what thou wilt  
Shall be the whole of the law  
Do what thou wilt All they understand is the claw  
Why can't you see you're in my way?  
Your ways are killing you  
Your ways are killing me  
Killing me  
Killing you So go fuck yourself anyway  
Keep this hunger There's nothing wrong  
With how I live my life today  
There's nothing wrong  
So go fuck yourself anyway Why can't you see you're in my way?
