

# Down to the Wire

## Arcwelder

(music arcwelder/words w. graber)Sign - like the sign of things to come down

To the wire

And if i... minded half of let down

To the wire[chorus]

I have no fear

I have no pride

I have no right

I do not mind

I was the one who lost this time

I was the one who saw the lie

I have no drive

I have no hate

I do not mind

I was the one who lost this time

And it's like everybody wants a peace that i.. can'tGive - what you wanted to give away for free

Down to the wire

And say - what you wanted to hear next time around

Down to the wire[chorus]I have no hate

I have no hate

Down to the wire
