# Belly Dance

## æ•ŽçŽŸ

[Intro]Yeah come on
[Verse 1]You want me so bad that you started dreaming about me.
Even imagine me doing bad things to ya and for ya.
You believe that you can have me.
But...
[Pre-Chorus]If you can, you've got one chance.
What can you do to see my belly dance?
[Chorus]You want to see my belly dance.
You kinda cute so you might be the man.
Play your cards right and you could get the chance to see my belly dance.
You want to see my belly dance.
You kinda cute so you might be the man.
Play your cards right and you could get the chance to see my belly dance.
[Verse 2]Your one wish is that
I'll work it for ya like this
Be your little private dancing mistress
Anytime and anywhere
You like it.
I want it go down that way...
But...
[Pre-Chorus]If you can, you've got one chance.
What can you do to see my belly dance?

[Chorus]You want to see my belly dance.
You kinda cute so you might be the man.
Play your cards right and you could get the chance to see my belly dance.
You want to see my belly dance.
You kinda cute so you might be the man.
Play your cards right and you could get the chance to see my belly dance.
[Bridge]Watch me.
Move a little shake a little something for you.
To see
Look at you wishing you could come and get at me.
You like the way I shake it up for ya.
You like the way I wake it up for ya.
See my belly dance
See my belly dance
[Chorus]You want to see my belly dance.
You kinda cute so you might be the man.
Play your cards right and you could get the chance to see my belly dance.
You want to see my belly dance.

You kinda cute so you might be the man.
Play your cards right and you could get the chance to see my belly dance.
You want to see my belly dance.
You kinda cute so you might be the man.
Play your cards right and you could get the chance to see my belly dance.
You want to see my belly dance.
You kinda cute so you might be the man.
Play your cards right and you could get the chance to see my belly dance.
