Young Ejecta

i sit way back and i don't feel jealous of anyone
cos i don't know who we are
i don't know who we are
you said that you would wait for meyou had a window sill, built for two
but if there was a sudden fire
you could suddenly jump through
you had a fire escape, just for you
and if there was a summer rain
you were staying dry and coolbut who is that now?
who is that now on the cobweb?
you said that you would wait for me
