Kane sta hili mu fiesta afto to vradiEnglish:In my life I do as I please
Cause baby there's no love police.
And i know my heart needs a fiesta vibe forever
My feelings are about to explode
Wanna spread the fun in this world
We are two bodies in fiesta mode togetherI don't care at all about what other people say
I'm here to change the rules i can't obey
And i'm fine with myself cause i'm my own best friend
Allthough I feel so good inside everydayIn my life I do as I please
Cause baby there's no love police
And i know my heart needs a fiesta vibe forever

My feelings are about to explode
Wanna spread the fun in this world
We are two bodies in fiesta mode togetherThe wind is in my hair
I wear the crown on top of my head
I have this kingdom of my soul i want to share
I don't compromise, it took some time to realise
We're here for today don't live twiceIn my life I do as I please
Cause baby there's no love police
And i know my heart needs a fiesta vibe forever
My feelings are about to explode
Wanna spread the fun in this world
We are two bodies in fiesta mode togetherFiesta vibe foreverIn my life I do as I please
Cause baby there's no love police
And i know my heart needs a fiesta vibe forever
