

Changing

The Last Resort

Smashing everything up in sight
Making old ladies die with fright
Wait until we reach our height
Cos they bow down before us
Skinhead running along the street
Looking evil looking hard
Causing mayhem wherever we go
Just for a laugh we let you know who rules
We're not gonna be dragged down
In your sea of new fashions
We will last, we will stay
We will never change our ways
All the punks and romantics
Will soon make a change
They will always follow the times
We will keep our ways
