Advisory - the following lyrics contain explicit language:

First I saw your gorgeous eyes
Then noticed your ass was fly
I just thought we could have fun
I could show you affectionI want you so bad girl
I want you, I need you, so bad
I want you so bad girl
I want you, I need youI will make your life complete
Just sit back and have a seat
Let my lips just touch your lips
Then I'll move down to your hipsI want you so bad girl
I want you, I need you, so bad
I want you so bad girl
I want you, I need you, so badCheck it out girl
Don't waste time
Check it out girl
You too damn fine
Check it out girl
Just let go
Check it out girl
Let it flowI can show you who's the man
Let me show you with my hands
I just want you close to me
I'll get you wet, just wait and seeI want you so bad girl
I want you, I need you, so bad
I want you so bad girl
I want you, I need you, so badI want you so bad girl
I want you, I need you, so bad
I want you so bad girl
I want you, I need you, so badTouchin' and kissin' and lickin' you right
Never letting go
Touchin' and kissin' and lickin' you right
Never letting goCheck it out girl

Don't waste time
Check it out girl
You too damn fine
Check it out girl
Just let go
Check it out girlI want you so bad girl
I want you, I need you, so bad
I want you so bad girl
I want you, I need you, so badI want you so bad girl
I want you, I need you, so bad
