Lose Yourself In Me

The Beloved

You, with that look in your eyes
Who do you think about
As you fantasize?Oh, how I need your caress
Anything you want
The answer is yesLose yourself in me
Lose yourself in meOh, how I long for your touch
How you tantalize me
So muchJust one fevered kiss from your lips
Sends me heaven bound
Permanent blissLose yourself in me
Lose yourself in meLose yourself in me
Lose yourself in meYeah you, girl of my dreams
Well you turn me inside out
Apart at the seamsJust give me yourself body and soul
Be forever mine
Yeah, forever mineLose yourself in me
