

I'm Not Right

XY&O

I could be the same as you
We got some time to blow to fly
And won't be two Tell me what you want to do
I've been sipping all my nights
Let's make that blue As I'm going down, down, down
I told but late around, round, round
You hit the sounds I feel no more
You got me right down to the core #1
Yeah, lady
I'll just roll tonight
Know, I'm not the one
No, I'm not right #2
Oh, lover
I watch you sip that wine
But know, I'm not the one
No, I'm not right I stupefy I lost on me
Does the ground fall in pieces that I can't see
Oh we gotta for night team free
No more moving on me and now that they're empty Not go down below, oh, oh
Leave me, yes, I'll go, go, go
It got me now I know myself
You're goal, girl, with somebody else #1 #2 #1 #2 It's time to move in, move so long
It's time to move in, move so long
It's time to move in, move so long
It's time to move in, move so long #1 #2 #1 #2
