Cold

Axewound

I wanna speak but can't describe
I wanna see through your disguise
Cause everytime you're near
You leave me COLD!!

Pain!
At affliction
I'm gonna faint to pose you and your apathy
Fear!
The frustration
You give me nothing to take back all your sympathy
Break!
This is carnage
Destroying all my shit with all my dignity
Sex!
Cause you backbone
Is more addicted to pain because it's kissable

You can't kill me (Motherfucker!!)
You can't own me (Motherfucker!!)

This is a matter of pride I'm not satisfied
You can't kill me!

I wanna speak but can't describe
I wanna see through your disguise
Cause everytime you're near
You leave me COLD!!

Stop!
Your complaining
So sick of hearing your shit so fuckin sick of it
Pain!
Is it faded?
I'm gonna beat you down and take a piss on you

You can't kill me (Motherfucker!!)
You can't own me (Motherfucker!!)

This is a matter of pride I'm not satisfied
You can't kill me!

I wanna speak but can't describe
I wanna see through your disguise
Cause everytime you're near
You leave me COLD!!

I wanna speak but can't describe
I wanna see through your disguise
Cause everytime you're near
You leave me COLD!!

I wanna speak but can't describe
I wanna see through your disguise
Cause everytime you're near you leave me

OH!!

You can't kill me (Motherfucker!!)
You can't own me (Motherfucker!!)

This is a matter of pride I'm not satisfied
You can't kill me!

I wanna speak but can't describe
I wanna see through your disguise
Cause everytime you're near
You leave me COLD!!

I wanna speak but can't describe
I wanna see through you disguise
Cause everytime you're near
You leave me COLD!!

(BREAKDOWN)
