

Spacemen

Joseph Arthur

Wake up sister
Sister come on
You know it's for you [x2]

Come on brother
Give us your song
It's all you can do [x2]

Here come the spacemen
Out of the sky
Ah Ah
Here come the spacemen
Out of the sky
Ah Ah
Here come the spacemen
Out of the sky
Ah Ah

So come on mother
You could be wrong
In fact now you are
The light in the star

Come down father
You could be strong
So come on
I say come on

Here come the spacemen
Out of the sky
Ah Ah
Here come the spacemen
Out of the sky
Ah Ah
Here come the spacemen
Out of the sky
Ah Ah

Here they come now

Here they come

So come on
