wanting you

WANTING YOU

(J.Heinrichs)

Verse 1
Wanting things to stay the same, never could deal with a change
cause i love this life that we live, together trying to be positive

Chorus
Just cannot take these thoughts no more
forever with you is what i want
Just cannot take these thoughts no more
forever with you is what i want

Verse 2
Cause I have been searching so long, person to person
Waiting for you to come
Now I got what I want, No more searching
dont want it to ever be done

Chorus
Just cannot take these thoughts no more
forever with you is what i want
Just cannot take these thoughts no more
forever with you is what i want
