

# Nobody Sees

## Powderfinger

Who's gonna pick you up?  
Who's gonna bend your rules?  
Who's gonna be your prop?  
Who's gonna play your fool?  
Nobody know just how it feels today  
Nobody sees how our hearts break  
Who's gonna watch your back?  
Who's gonna reel you in?  
Who'll make surprise attacks?  
Who's gonna be there at the end?  
Nobody knows just how it feels today  
Nobody sees how our hearts break  
Who's gonna bring you 'round?  
Who's gonna let you sleep?  
Who's gonna break frown?  
Who's gonna fall down at your feet?  
Nobody know just how it feels today  
Nobody sees how our hearts break
